## Green Energy is a priority as renewable power capacities reach new heights

**Led by solar photovoltaics, renewable power growth is surging – driven by the global energy crisis and policy momentum, according to the International Energy Agency's Renewable Energy Market Update (June 2023). Renewables are at the forefront of Europe's response to the energy crisis, and "are critical for making energy supplies not just cleaner but also more secure and affordable," says IEA Executive Director Fatih Birol.**

### CONTACT INFORMATION

**Headquarters address:**  
2 Syntagmatos Square,  
Amathus Building 4th floor, 3036  
Lemesos, Cyprus  
Postal address P.O. Box 70189,  
4161 Lemesos, Cyprus  
**Tel.:** +357 25 822314  
**Fax:** +357 25 822315  
**Website:** www.lanitisenergy.com  
**Email:** info@conercon.com

**W**ith over 18 years' experience in the Cypriot solar energy market, Conercon Energy Solutions, a subsidiary of Lanitis Energy, is a pioneer in this sector. Fully utilizing the latest technologies in the field of production and energy conservation using solar energy, the company is a forerunner in the design, sale, installation and maintenance of large-scale photovoltaic parks, as well as high-standard systems for residential, industrial and commercial projects.

To date, Conercon Energy Solutions has:

- Successfully implemented installations of photovoltaic systems exceeding 100MW
  - Served more than 10,000 households and 120 industrial/commercial buildings, which have reduced their electricity consumption.
  - Installed and maintains large Photovoltaic Parks with a total capacity of over 50MW.
- The company offers a variety of products for all types of installations, perfectly aligning all the relevant factors to ensure the ultimate goal: the highest efficiency of the systems, and the assurance of the quality and the necessary guarantees to the investors.

Conercon Energy Solutions follows a long-term strategic plan, through the careful selection of partners and suppliers in Cyprus and abroad, which are the most noteworthy names in the global Renewable Energy industry. They include companies such as

Luxor, Azzurro, Huawei, Kostal, Tigo Energy, SolarEdge and Muskita. Longstanding agreements are in place with all the companies with which it cooperates and represents as an Authorized Service Partner in the Cyprus market, for the immediate response and solution to any problems that may arise in the operation of the Photovoltaic Systems.

With a stellar technical department, both in equipment and staff, and the relationships of trust it builds with customers, Conercon Energy Solutions firmly stands by the client even after the initial investment, while providing the entire range of services, technology, and expertise in the renewable energy field.

### SERVICES

- Business-to-Business (Wholesale)
- Residential and Commercial Photovoltaic Systems
- Net Metering, Net Billing & Virtual Metering
- Installation of Large Photovoltaic Parks
- Maintenance of Photovoltaic Parks (After Sales Service)

Conercon Energy Solutions calls for the use of solar energy as a priority, describing the shift to "green energy" as the only way to reduce dependence on traditional forms of energy and reverse the climate change that threatens the planet.

# For more than 18 years, the sun is our business!

- Business-to-Business (Wholesale)
- Residential and Commercial Photovoltaic Systems
- Net Metering, Net Billing & Virtual Metering
- Installation of Large Photovoltaic Parks
- Maintenance of Photovoltaic Parks (After Sales Service)
